

## PURPOSE

- **Build Community** – develop sense of community through participation in a common enterprise. Build relationships and link with existing community associations and local businesses.
- **Share knowledge and skills** - through workshops. Provide an inclusive venue which caters to all ages and levels of fitness and cultural backgrounds.
- **Improve Nutritional Health** – by increasing production and consumption of fresh, organic locally grown food.
- **Improve amenity** – by diversifying and beautifying public open space.
- **Reduce environmental Impact** – by reducing food kilometres and recycling waste and water wise practices.
- **Learn and educate** – provide educational opportunities to minimise waste and move towards a more sustainable future.
- **Create purposeful recreation** – by getting people growing food. People come together to relax, learn new skills, meet other people and be part of the local community.

## MEMBERS

Preston Beach Community Garden offers members the following opportunities;

1. Development of Garden beds plots, allotments and shared garden areas: vegetables, herbs, flowers, native plants, fruit trees.
2. Events – open days, celebrations, festivals and markets.
3. Become self-sufficient through selling locally produced jams, preserves, craft, recipe books, seeds and other fund-raising activities, such as sausage sizzles.
4. Establish social spaces, seating and outdoor eating areas and covered areas.
5. Bee hives and worm farms.
6. Provide venue for workshops (space for workshop delivery)
7. Propagation and potting areas – stall to sell produce and potted plants. Hothouse.
8. Community art (sculpture, mosaics and murals).
